Transforming the Behavioral Health Experience
Improving the Provider and Client Relationship

Core Solutions Joins the Florida Alcohol and Drug Abuse Association

Core Solutions shows continued commitment to Florida's alcohol and substance abuse provider organizations through voluntary industry membership.

King of Prussia, PA -- [Core Solutions, Inc. \(Core\)](#) the progressive leader in integrated behavioral health Electronic Health Records (EHR) that transform the behavioral, medical and social services experience for providers, consumers and state agencies, announced today its membership with the [Florida Alcohol and Drug Abuse Association \(FADAA\)](#).

The FADAA is a non-profit membership association which represents Florida's premiere community-based substance abuse and co-occurring treatment and prevention agencies, managing entities, community anti-drug coalitions and individual members. The mission of the FADAA is to represent substance abuse prevention and treatment providers, managing entities and community anti-drug coalitions in advancing addiction and co-occurring treatment, prevention and research through communications, professional development and public policy leadership.

"Our membership with the FADAA further validates our commitment to behavioral health organizations working in the state of Florida," said Ravi Ganesan, President and CEO of Core Solutions. "As we collaborate with FADAA, we'll be better able to anticipate the unique EHR requirements facing this region. Organizations like the FADAA are important to behavioral health providers because as we undergo changes in our industry, the FADAA ensures the needs of Florida providers are well represented in policy discussions and they provide easy access to information to keep the provider community up to date with changes in our industry."

About [Core Solutions, Inc.](#)

Core Solutions is the progressive leader in transforming the behavioral, medical and social services experience for behavioral health providers, consumers and state agencies. Core's Integrated Behavioral Health EHR platform, Cx360, allows for the improvement of the provider, consumer and payer relationship through increased consumer-centric collaboration which results in improved outcomes. This is accomplished through our ability to simplify the end-to-end behavioral health experience, deliver integrated care coordination, improve consumer engagement and streamline accurate provider reimbursement.
