

PRESS RELEASE

Core Solutions Appoints Brenda Berry as Vice President of Sales and Marketing to Lead GTM Strategy

August 15, 2018 – King of Prussia, PA – Core Solutions, Inc.(Core), a leader in providing Electronic Health Record (EHR) software to behavioral health, substance use and I/DD organizations, recently announced that Brenda Berry has rejoined the Company as Vice President of Sales and Marketing. In this role, Ms. Berry will be leading the go-to-market strategy for the Company’s EHR mid-market solution. Ms. Berry’s focus will be to leverage Core’s demonstrated expertise and success in the enterprise market and translate that into solutions for mid-sized provider organizations across the Health and Human Services industry segments.

“Ms. Berry brings impressive leadership experience and business expertise to the team,” said Ravi Ganesan, President and CEO of Core Solutions. “We are excited to have her offer her skills and extensive background in a range of healthcare industry segments to increase the reach of Core Solutions and continue to serve our clients with our new simplified approach to our products, implementation methodologies, and pricing.”

Berry brings to the Company more than thirty years of experience in sales, business development, marketing and consulting across diverse behavioral healthcare markets and proven success in business strategy development and execution. Berry comes to Core Solutions from her role in healthcare information technology as Executive Vice President of Sales and Marketing at Signet Accel, Inc., Client Development Director of the Revenue Cycle Management Division at Netsmart Technologies and several years as a Senior Software Sales Consultant at Core Solutions.

Berry said of her new position at the Company, “This was the perfect time for me to rejoin the Core Solutions team. Our approach to the customer experience has matured and we have begun the process of repackaging Cx360 and our implementation methodologies to better meet the needs of our provider partners. I believe we are well on our way to building a very solid foundation to meet the changing provider and payer landscapes in Health and Human Services.”
